Background

The Licence criteria is clearly defined in the Manual, however KA understands that some Competitors may feel the need to progress to a higher division earlier or later than prescribed. In these cases dispensation will be required as per Competition Rules, Chapter 4.

Members wishing to have their Licence reviewed are required to have their application assessed by the National Licence Review Panel.

Procedure

Drivers wishing to apply for dispensation of the licencing conditions such as early progression to the next age group or staying down in a lower age group, are required to complete the Licence Review Form by clicking here (link: http://www.karting.net.au/wp-content/uploads/2014/03/Licence-Review-Application.pdf).

This form must be forwarded to your State karting office, who will then forward the application to the National Licence Review panel.

Applications for Licence Review's will be required to be submitted 7 days prior to the end of each month, for consideration by the Licence Review Panel.

All outcomes of the applications will be advised to the States in the first 7 days of the following month.

The Panel's decision is final.
