

It is the intention of the Karting Australia Board to provide stability of regulations and to restrict changes to the KA Manual and Rules to a minimum during any competition year. As an overriding principle, unless there are issues of safety, pending force majeure, force majeure, compliance with laws or compelling supply issues, rules will not generally be the subject of change at any time other than for the commencement of a competition year.

State and Territory Associations, major Industry Suppliers and Key National Officials who wish to bring a proposal before Karting Australia for either a new rule or a change of rule should do so using this form. This does not apply to homologation, re-homologation and component evolutions.

Applications should be submitted by no later than 30 June each year.

Date

NEW RULE / RULE CHANGE REQUEST FORM

Name of Person Submitting Request		State / Position	
Rule Type (Delete)	General Regulations	Competition	Technical
Rule Number (If change to existing rules)			

Cross References With Other Rules
