HOMOLOGATION AND APPROVAL FEES

Component	Application and Renewal Fee + GST	Testing Evaluation and Parity Review Fee + GST	Approval for Use In Competition Application and Renewal Fee + GST
	2021	2021	2021
ENGINE	\$ 4,000.00	TBA	\$ 5,000.00
A Homologated engine is a complete stand-alone power unit that includes carburettor and ignition system and may also include a cooling system, starting system, clutch system, induction system and exhaust system.			Plus, either: An annual fee or a royalty per engine sold.
EVOLUTION COMPONENT	\$ 2,500.00	TBA	TBA
It is recognised that motorsport is constantly evolving. For reasons of quality improvement, design improvement, safety, production costs and manufacturing considerations, Components 'evolve'. In this policy such developments of Components are referred to as an "Evolution Component".			
Evolution Components must be able to be interchangeably used with the previously used component.			
AFTERMARKET COMPONENT	\$ 2,500.00	TBA	\$ 2,500.00
This is a component that may be approved to replace an Original Equipment Manufacturer (OEM) Component in any KA Homologated engine or component.			Plus, either: An annual fee or a royalty per engine sold.
Aftermarket Components are not classed as a "Non-Tech components"			
Acceptance of an aftermarket component will generally be based on reasons of cost benefits, availability, safety and any known possible negative issues of an OEM component.
